

**EVACUATION PLAN  
SPILLAGE OF CHEMICAL OR COMBUSTIBLE SUBSTANCES**

In the event of a spillage of chemical or combustible substances, it is the policy of the Gore Board of Education that the following procedures shall apply:

**HIGH SCHOOL - ELEMENTARY SCHOOL:**

Remove students by bus, if possible to Vian School, depending on wind direction or flow of chemical substance. If busing is not possible, the foot route from the high school is east-northeast to high ground directly behind the Lynn Hubler home. From the elementary school, the foot route is north on Water Tower Road past the Church of Christ to the top of the hill at the water tower.

East to the sports complex depending on wind and hazard containment perimeter.

Bus to Braggs School if hazard is moving with wind to the South or East.

Students and teachers will be notified by intercom which plan will be used.
